

Professional Supervision in Wales – school leader and manager feedback

“Supervision enabled me to see things through a different perspective and gave me life-long skills in dealing with difficult situations.”

“My sessions have really had a huge impact. To come to the end of a school year and feel lifted up/enthusiastic is amazing and certainly not something I have felt at this time of year previously.”

“Supervision has helped me immensely. I now feel empowered to challenge situations I wouldn't have before. I feel stronger and confident in my role. I leave school happier and less burdened with the challenges I faced before.”

“I have been able to really feel the shift in purpose, my worth, my knowledge and general love for what I do!”

“A safe space to talk openly about issues and come to decisions having talked it through without fear of judgement.”

“Thank you much for offering this service, it's made more of a difference than it's possible to say. Focusing on those aspects that I can control, gives me purpose and hope.”

Supervision has a professional focus and is totally confidential. It is time dedicated to your role as an education leader, and will help you to improve your wellbeing. [Sign up now!](#)
